Door Warranty

Interior Trim warrants all doors sold under this warranty for one year from the date of shipment. Also, at the time of shipment, we warrant the doors to be of good material, workmanship and to be free of defects, which would render said door unserviceable or unfit for the ordinary recommended use.

If the doors are stored at the job site for more than one week, all edges should be sealed. Warped doors shall not be considered a defect unless the warp exceeds 1/4 inch in the plane of the door itself.

If warranted doors are found to contain defects, as stated above, Interior Trim may, at its option, either:

- 1) Repair the door without charge.
- 2) Replace the door without charge in the same stage as originally supplied.
- 3) Refund the price paid for the door.

Interior Trim will perform its obligations under this warranty within 30 days after an appropriate notice is given by the purchaser. Interior Trim will not be liable for any door or doors repaired or replaced without our prior consent.
